PEDIATRIC OPTOMETRISTS

Colorado Optometric Association (COA) is the professional organization of optometrists in Colorado. Over 600 Colorado Doctors of Optometry are voluntary members of the Association.

Click on this URL for their directory of doctors <https://colorado.aoa.org/doctor-locator-search?tab=basic>. Note, use the advanced search tab to find optometrists that see children based on the age range – choose all that apply!

InfantSEE is a public health program, managed by Optometry Cares – The AOA Foundation. The program is designed to ensure that eye and vision care becomes an integral part of infant wellness care to improve a child's quality of life. Under this program, AOA member optometrists provide a no-cost comprehensive eye and vision assessment for infants 6-12 months old regardless of a family's income or access to insurance coverage.
